Sat. July 18th from **2-6pm** at **Steinway Gallery, Pasadena**

Address: 150 East Colorado Blvd, Pasadena, CA 91105

Phone: (626) 744-7774

Info: This will be a series of 35-50min concerts, with several short intermissions.

We will feature performers from Music Vision Studios first, and then the rest of the performances will feature professional musicians from the LA area, as well as a 30-minute solo recital by Mr Joaquim Bonal Sarró, from Spain! Several new and original compositions will be performed and while the program will largely favor piano music, there will be a variety of instruments (including strings) featured as well!

Both concerts are FREE, however we will *gladly* accept donations for these worthy events, and to compensate the fine professional performers who are donating their time!
